Subject Index

a

abdominal aortic aneurysms, ultrasonography and (*tip*), August, p. 239
abdominal pain, recurrent, in childhood and adolescence, *August, p. 131
abscess(es)
—intra-abdominal, retained surgical sponges and, *November, p. 125
—liver, amebic (*tip*), July, p. 243
—skin, gonococcal proctitis with, *August, p. 173
—subphrenic (*tip*), November, p. 308
acetaminophen toxicity, cimetidine therapy for (*tip*), August, p. 242
acquired immunodeficiency syndrome, *December, p. 131
actinic keratoses, *July, p. 103
adenocarcinoma, esophageal, and Barrett's mucosa (*tip*), September, p. 298
adenomyomatosis of the gallbladder (*tip*), September, p. 277
adrenergic membrane receptor regulation, *October, p. 250
adolescence, recurrent abdominal pain in childhood and, *August, p. 131
adolescents, increasing compliance in (*tip*), October, p. 304
AIDS: a rational approach (*tip*), November, p. 298
AIDS, Kaposi's sarcoma and (*tip*), October, p. 268
alcohol detoxification, principles of, *October, p. 145
amebic liver abscess (*tip*), July, p. 243
amenorrhea, sports medicine experts see connection between exercise and (*news*), December, p. 187
aminoglutethimide for advanced prostatic cancer (*tip*), October, p. 311
aminoglycoside-related nephrotoxicity (*tip*), September, p. 282
anabolic steroids in athletics, *July, p. 113
anal canal cancer, radiotherapy for (*tip*), July, p. 265
anal function after musosal proctectomy (*tip*), November, p. 305
analgesic nephropathy (*ed*), August, p. 110
androgen therapy and cystic fibrosis (*tip*), October, p. 298
angina
—mixed, pinpointing, requires careful history (*news*), August, p. 253
—stable, treatment of (*tip*), August, p. 228
angiodysplasia of the colon (*tip*), November, p. 280
angiogenic substance in follicular fluid (*tip*), September, p. 262
angioplasty, transluminal, aspirin therapy before (*tip*), November, p. 278
anomalous pulmonary venous return, partial, *October, p. 127
anorexia nervosa, hypoglycemic coma and (*tip*), August, p. 246
antibiotics, topical, for acute conjunctivitis (*tip*), November, p. 256
antidepressant therapy, adequate trials of (*tip*), July, p. 264
antidiabetic drugs, new oral, *November, p. 119
antifungal agents, systemic, effective, *December, p. 162
antishock trousers, *August, p. 163
antismoking programs, hospitals have vital role in (*med*), November, p. 249
antiviral agents for chronic hepatitis B infection (*tip*), July, p. 238
anxiety disorders (*tip*), November, p. 255
aortic aneurysm(s)
—abdominal, ultrasonography and (*tip*), August, p. 239
—and inguinal hernia (*tip*), July, p. 238
apnea, respiratory syncytial virus and (*tip*), August, p. 244
appendicitis, acute, oral contraceptives and (*tip*), November, p. 278
arachidonic acid products and asthma (*tip*), November, p. 277

arrhythmias
—and insulin-induced hypoglycemia (*tip*), November, p. 286
—should be looked for in children with syncope (*med*), December, p. 171
arterial occlusion, intra-arterial streptokinase for (*tip*), November, p. 306
arteriovenous fistula, iliac (*tip*), October, p. 284
arthritis, infectious, treatment of, *September, p. 252
asphyxia, fetal: prevention, detection and intervention, *September, p. 203
aspirin therapy before transluminal angioplasty (*tip*), November, p. 278
assay, hemoglobin, glycosylated (*tip*), July, p. 260
asthma
—arachidonic acid products and (*tip*), November, p. 277
—hypertensive patients with, labetalol appears safe for (*med*), December, p. 171
—in a rural community (*tip*), December, p. 177
asthmatic children, chronic sinusitis in (*tip*), November, p. 291
athletics, anabolic steroids in, *July, p. 113
atrial myocardium, infarction of (*tip*), September, p. 292
auditory function, Bell's palsy and (*tip*), November, p. 292

b

baby walkers, injuries from (*tip*), July, p. 247
back pain program for employees results in cost savings (*med*), July, p. 229
bacteremia, polymicrobial, in children (*tip*), September, p. 295
bacterial meningitis, childhood, deafness after (*tip*), November, p. 285
bacterial osteomyelitis, drug therapy for, *July, p. 213
balloon dilation for failing vascular access (*tip*), September, p. 269
Barford test for femoral neck fractures (*tip*), October, p. 297
Barrett's mucosa, esophageal adenocarcinoma and (*tip*), September, p. 298
behavior therapy for hyperactive children (*tip*), November, p. 279
Bell's palsy and auditory function (*tip*), November, p. 292
benzodiazepines—misuse, abuse and dependency, *November, p. 139
bites, fire ant (*tip*), October, p. 316
bladder, urinary, diverticulum of, *October, p. 151
bladder catheterization, chronic indwelling, *September, p. 161
bleeding
—gastrointestinal, in intensive care unit patients (*tip*), September, p. 262
—vaginal, in early pregnancy (*tip*), October, p. 293
bleeding esophageal varices, portosystemic shunt for (*tip*), *September, p. 287
bowel
—large, synchronous cancers of, incidence of (*tip*), October, p. 276
—short, syndrome, *September, p. 227
Branhamella catarrhalis: an unappreciated pulmonary pathogen, *October, p. 169
break dancing, injuries from, *October, p. 109
breast feeding, *July, p. 167
breast cancer concepts, *August, p. 195
breech presentation, delivery routes for infants in (*tip*), November, p. 271
bromocriptine update, *August, p. 218
bronchial obstruction, lobar collapse and pneumothorax (*tip*), October, p. 303

c

cancer(s)
—anal canal, radiotherapy for (*tip*), July, p. 265
—breast, concepts, *August, p. 195
—of the colon, changing distribution of (*tip*), October, p. 262
—colon, guaiac screening for (*tip*), November, p. 282
—colon, and preoperative colonoscopy (*tip*), November, p. 301
—disseminated varicella in children with (*tip*), July, p. 263
—lung, recurrent, CT for detection of (*tip*), September, p. 273
—lung, small cell, myasthenic syndrome and (*tip*), November, p. 264
—pancreatic, CEA levels and (*tip*), September, p. 282

—prostatic, advanced, aminoglutethimide for (*tip*), October, p. 311
—synchronous, of the large bowel, incidence of (*tip*), October, p. 276
—thyroid, *November, p. 185
—in thyroid nodules, incidence of (*tip*), August, p. 230
cancer cure, colon, early detection is key to (*news*), October, p. 322
cancer patients
—infections in (*tip*), September, p. 295
—treatment of pain in, is worldwide problem (*news*), November, p. 320
cancer screening, uterine, by the family physician, *November, p. 157
candidiasis treatment requires compliance and understanding of disease, (*news*), September, p. 312
captopril for scleroderma renal crisis (*tip*), October, p. 283
carcinoid tumors (*tip*), October, p. 275
carcinoma
—renal cell, intrathoracic metastases from (*tip*), July, p. 263
—squamous, nasal papillomas and, *September, p. 171
cardiac arrest, effect of early defibrillation on outcome of (*tip*), November, p. 302
cardiac failure in the elderly, *September, p. 123
cardiac surgery, pericardial effusion after (*tip*), September, p. 291
cardiogenic pulmonary edema, *November, p. 230
cardiopulmonary resuscitation, pediatric (*tip*), July, p. 252
cataract surgery and iritis (*info pl*), August, p. 53
catheter(s)
—intravascular fragmented, nonsurgical removal of, *November, p. 177
—subclavian vein, complications of (*tip*), October, p. 311
catheter-induced superior vena cava syndrome (*tip*), August, p. 227
catheterization, bladder, chronic indwelling, *September, p. 161
CEA levels and pancreatic cancer (*tip*), September, p. 282
cerebrovascular complications from streptokinase are reported (*med*), August, p. 223
cerebrovascular disease in children, *November, p. 215
chemotherapy, combination, for rhabdomyosarcoma (*tip*), December, p. 175
chest trauma, blunt, physicians outline appropriate treatment of (*news*), September, p. 315
child abuse, misdiagnosis of, *September, p. 197
child sexual abuse is investigated as a 'crime of silence' (*news*), December, p. 188
childhood
—acute lymphoblastic leukemia of, *October, p. 236
—recurrent abdominal pain in, and adolescence, *August, p. 131
children
—acute maxillary sinusitis in (*tip*), August, p. 248
—asthmatic, chronic sinusitis in (*tip*), November, p. 291
—with cancer, disseminated varicella in (*tip*), July, p. 263
—cerebrovascular disease in, *November, p. 215
—conjunctivitis in (*tip*), September, p. 264
—with convulsive disorders, pertussis vaccine for (*tip*), November, p. 297
—day-care, *Giardia lamblia* in (*tip*), November, p. 254
—fulminant Hemophilus meningitis in, may be enigmatic (*med*), August, p. 223
—hyperactive, behavior therapy for (*tip*), November, p. 279
—minimal-change nephrotic syndrome in (*tip*), November, p. 253
—polymicrobial bacteremia in (*tip*), September, p. 295
—recurrent infections in (*tip*), December, p. 180
—sexually transmitted diseases in, *July, p. 185
—with syncope, arrythmias should be looked for in (*med*), December, p. 171
chlamydial pneumonitis, serodiagnosis of (*tip*), November, p. 272
chordae tendineae, ruptured, *December, p. 125
cigarette smoking and thyroid function (*tip*), October, p. 306
cimetidine therapy for acetaminophen toxicity (*tip*), August, p. 242

cirrhotic patients, effects of propranolol in (*tip*), July, p. 252
claudication, intermittent (*tip*), October, p. 297
clean-catch technique, value of (*tip*), August, p. 227
Clostridium difficile colitis (*tip*), November, p. 253
cochlear implant, multichannel, restores hearing (*med*), November, p. 249
cognitive therapy is used successfully to treat depression (*news*), November, p. 322
coin lesions, CT evaluation of (*tip*), September, p. 278
colitis, *Clostridium difficile* (*tip*), November, p. 253
colon
—angiodysplasia of (*tip*), November, p. 280
—cancer of, changing distribution of (*tip*), October, p. 262
colon cancer
—guaiac screening for (*tip*), November, p. 282
—and preoperative colonoscopy (*tip*), November, p. 301
colon cancer cure, early detection is key to (*news*), October, p. 322
colonoscopy, preoperative, colon cancer and (*tip*), November, p. 301
complex partial seizures, *October, p. 158
compliance
—in adolescents, increasing (*tip*), October, p. 304
—patient, improving (*tip*), July, p. 251
congestive heart failure, levodopa for (*tip*), December, p. 186
conjunctivitis
—acute, topical antibiotics for (*tip*), November, p. 256
—in children (*tip*), September, p. 264
contraceptives, oral, and acute appendicitis (*tip*), November, p. 278
convulsive disorders, children with, pertussis vaccine for (*tip*), November, p. 297
coronary artery spasm, mechanism for (*tip*), September, p. 303
coronary heart disease, type A behavior and, *October, p. 209
cough syncope (*tip*), August, p. 239
craniotabes, neonatal, *December, p. 149
cryptorchidism (*tip*), October, p. 283
cryptosporidiosis (*tip*), August, p. 233
CT for detection of recurrent lung cancer (*tip*), September, p. 273
CT evaluation of coin lesions (*tip*), September, p. 278
CT scans, surgical clips as a cause of artifacts on (*tip*), November, p. 280
cutaneous herpes simplex, Tzanck smear for diagnosis of (*tip*), September, p. 300
cutaneous signs of dioxin exposure, *September, p. 189
cystic fibrosis
—androgen therapy and (*tip*), October, p. 298
—breathing in, inspired water vapor improves (*med*), December, p. 171

d

dancing, break, injuries from, *October, p. 109
'dawn phenomenon' in diabetes (*tip*), August, p. 230
deafness after childhood bacterial meningitis (*tip*), November, p. 285
defibrillation, early, effect of, on outcome of cardiac arrest (*tip*), November, p. 302
delivery route of infants in breech presentation (*tip*), November, p. 271
depression, cognitive therapy is used successfully to treat (*news*), November, p. 322
detoxification, alcohol, principles of, *October, p. 145
diabetes
—'dawn phenomenon' in (*tip*), August, p. 230
—nonwarning hypoglycemia in drivers with, *October, p. 189
diagnostic imaging guidelines, new (*ed*), August, p. 107
diagnostic ultrasound in pregnancy (*ed*), October, p. 90
diet has minimal effect on the occurrence of migraine (*news*), October, p. 321
diets, very low calorie, metabolic effects of (*tip*), September, p. 261
dioxin exposure, cutaneous signs of, *September, p. 189
disability from MS, pregnancy does not appear to increase (*med*), August, p. 223
dislocation of the hip, *August, p. 151

dithranol, treatment of psoriasis with (*tip*), July, p. 240
diverticulum of the urinary bladder, *October, p. 151
drivers with diabetes, nonwarning hypoglycemia in, *October, p. 189
drug-induced esophagitis, *August, p. 169
drug-induced hypercalcemia (*tip*), July, p. 263
drug therapy
—for bacterial osteomyelitis, *July, p. 213
—long-term, prevents recurrence of mood disorders (*news*), October, p. 328
—for peptic ulcer disease, *December, p. 154
dying patient (*tip*), November, p. 286
dysphonia
—inhaled steroids and (*tip*), July, p. 243
—vocal cord sulcus as a cause of (*tip*), October, p. 312
dystocia, active management of (*tip*), October, p. 289

e

echocardiographic findings, age-related changes affect (*med*), December, p. 170
edema
—cardiogenic pulmonary, *November, p. 230
—pulmonary, and upper airway obstruction (*tip*), November, p. 255
elderly
—cardiac failure in, *September, p. 123
—use of hypnotics in, *August, p. 187
elderly patient, frail, psychoactive drugs and, *October, p. 133
electrodiagnosis of motor unit disorders, *September, p. 143
embolism, renal artery (*tip*), December, p. 178
emotional abuse in the classroom (*tip*), October, p. 267
emotional dynamics of physical illness, *September, p. 235
encephalitis, herpes simplex, *September, p. 179
enterocolitis, necrotizing
—neonatal (*tip*), November, p. 262
—steroids for prevention of (*tip*), December, p. 186
epilepsy, treatment of, *August, p. 113
epistaxis (*tip*), September, p. 291
ergotism, modern, *August, p. 179
erythema as a clue to pancreatic disease (*tip*), July, p. 256
erythema nodosum, *October, p. 227
esophageal adenocarcinoma and Barrett's mucosa (*tip*), September, p. 298
esophageal injury, potassium-induced (*tip*), November, p. 302
esophageal varices, bleeding, portosystemic shunt for (*tip*), September, p. 287
esophagitis, drug-induced, *August, p. 169
exercise
—and amenorrhea, sports medicine experts see connection between (*news*), December, p. 187
—moderate, may enhance weight loss (*news*), July, p. 270

f

facial features of mouth breathers (*tip*), November, p. 282
family, role of, in nursing home care, *November, p. 151
farming, another occupational hazard of, is identified (*med*), July, p. 225
fasciitis, necrotizing, *October, p. 221
feeding tube complications (*tip*), October, p. 270
femoral neck fractures, Barford test for (*tip*), October, p. 297
fetal asphyxia: prevention, detection, and intervention, *September, p. 203
fetal assessment by the tap test (*tip*), August, p. 232
fetal effects of maternal hyperphenylalaninemia (*tip*), August, p. 229
fetal scalp stimulation test (*tip*), July, p. 260
fibrinolytic therapy, monitoring (*tip*), December, p. 177
fire ant bites (*tip*), October, p. 316
fistula, iliac arteriovenous (*tip*), October, p. 284
follicular fluid, angiogenic substance in (*tip*), September, p. 262
fractures, femoral neck, Barford test for (*tip*), October, p. 297

frostbite, *December, p. 111
full-term neonates, jaundice in (*tip*), October, p. 270

g

gallbladder, adenomyomatosis of (*tip*), September, p. 277
gastric response to severe head injury (*tip*), July, p. 253
gastrinoma, management of (*tip*), September, p. 281
gastrointestinal bleeding in intensive care unit patients (*tip*), September, p. 262
geriatric rehabilitation, *July, p. 133
Giardia lamblia in day-care children (*tip*), November, p. 254
glycosylated hemoglobin assay (*tip*), July, p. 260
gonococcal proctitis with skin abscess, *August, p. 173
Graves' disease, thyroidectomy for (*tip*), August, p. 242
guaiac screening for colon cancer (*tip*), November, p. 282

h

halo nevi and melanoma, *August, p. 157
halothane for status asthmaticus (*tip*), November, p. 260
hazardous weight-loss methods, complications of, *August, p. 141
HCG levels after molar pregnancy (*tip*), November, p. 277
head injury, severe, gastric response to (*tip*), July, p. 253
headache management, musculoskeletal therapy aids in (*med*), November, p. 249
heart disease, coronary, type A behavior and, *October, p. 209
heart failure, congestive, levodopa for (*tip*), December, p. 186
hemoglobin assay, glycosylated (*tip*), July, p. 260
hemoglobinopathies, sickling, newborn screening for (*tip*), July, p. 247
Hemophilus meningitis, fulminant, in children may be enigmatic (*med*), August, p. 223
hepatic tumors, benign, *July, p. 141
hepatitis B infection, chronic, antiviral agents for (*tip*), July, p. 238
hernia, inguinal, aortic aneurysm and (*tip*), July, p. 238
herpes simplex, cutaneous, Tzanck smear for diagnosis of (*tip*), September, p. 300
herpes simplex encephalitis, *September, p. 179
herpes simplex infection in sarcoidosis (*tip*), July, p. 265
hip, dislocation of, *August, p. 151
HLA phenotype and survival in patients with leukemia (*tip*), November, p. 306
hydramnios and its clinical implications, *October, p. 202
hydrops fetalis, nonimmune (*tip*), November, p. 266
hyperactive children, behavior therapy for (*tip*), November, p. 279
hypercalcemia
—drug-induced (*tip*), July, p. 263
—immobilization (*tip*), November, p. 282
hyperparathyroidism, primary, *September, p. 155
hyperphenylalaninemia, maternal, fetal effects of (*tip*), August, p. 229
hyperplasia, focal nodular, of the liver (*tip*), September, p. 266
hypertension
—pulmonary, and systemic lupus erythematosus (*tip*), September, p. 274
—severe, intravenous labetalol for (*tip*), December, p. 185
hypertensive patients with asthma, labetalol appears safe for (*med*), December, p. 171
hyperthyroidism, guidelines for the treatment of, *July, p. 199
hypnotics, use of, in the elderly, *August, p. 187
hypoglycemia
—insulin-induced, arrhythmias and (*tip*), November, p. 286
—nonwarning, in drivers with diabetes, *October, p. 189
—without warning (*ed*), October, p. 92
hypoglycemic coma and anorexia nervosa (*tip*), August, p. 246

i

IgG inhibition of TTP platelet aggregation (*tip*), September, p. 277
iliac arteriovenous fistula (*tip*), October, p. 284
imaging, diagnostic, guidelines, new (*ed*), August, p. 107
immobilization hypercalcemia (*tip*), November, p. 282
immunosuppression, methods of, for transplantation (*tip*), November, p. 260

implant, multichannel cochlear, restores hearing (*med*), November, p. 249
incontinence, urinary, HIP develops agenda to assist patients with (*news*), October, p. 322
indocyanine green clearance in impaired liver function (*tip*), September, p. 306
infants
—in breech presentation, delivery route for (*tip*), November, p. 271
—newborn, location of liver edge in (*tip*), October, p. 261
—premature, proper vitamin E use in, is treatment for ROP (*news*), September, p. 316
infarction
—acute myocardial, intravenous nitroglycerin for (*tip*), December, p. 175
—of atrial myocardium (*tip*), September, p. 292
infections
—in cancer patients (*tip*), September, p. 295
—recurrent, in children (*tip*), December, p. 180
infectious arthritis, treatment of, *September, p. 252
infectious mononucleosis, medical complications of, *November, p. 195
influenza prevention and control (*tip*), December, p. 176
inguinal hernia, aortic aneurysm and (*tip*), July, p. 238
insulin-induced hypoglycemia, arrhythmias and (*tip*), November, p. 286
intensive care unit patients, gastrointestinal bleeding in (*tip*), September, p. 262
intermittent claudication (*tip*), October, p. 297
intra-abdominal abscesses, retained surgical sponges and, *November, p. 125
intravascular fragmented catheter, nonsurgical removal of, *November, p. 177
iritis, cataract surgery and (*info pl*), August, p. 53

j

jaundice in full-term neonates (*tip*), October, p. 270

k

Kaposi's sarcoma and AIDS (*tip*), October, p. 268
keratoses, palmar, and internal malignancy (*tip*), October, p. 304
kidney transplantation, sequential (*tip*), August, p. 228

l

labetalol
—appears safe for hypertensive patients with asthma (*med*), December, p. 171
—intravenous, for severe hypertension (*tip*), December, p. 185
laceration repair, *October, p. 115
laser therapy reduces osteoarthritic pain (*med*), November, p. 250
lead poisoning, *July, p. 179
Legionella contamination, plasmid identification for (*tip*), August, p. 243
leukemia
—acute lymphoblastic, of childhood, *October, p. 236
—HLA phenotype and survival in patients with (*tip*), November, p. 306
levodopa for congestive heart failure (*tip*), December, p. 186
lipoid pneumonia (*tip*), November, p. 302
liver, focal nodular hyperplasia of (*tip*), September, p. 266
liver abscess, amebic (*tip*), July, p. 243
liver edge, location of, in newborn infants (*tip*), October, p. 261
liver function, impaired, indocyanine green clearance and (*tip*), September, p. 306
liver injury, propylthiouracil-induced (*tip*), November, p. 279
lobar collapse, bronchial obstruction, and pneumothorax (*tip*), October p. 303
lung cancer, recurrent, CT for detection of (*tip*), September, p. 273
lung cancer, small cell, myasthenic syndrome and (*tip*), November, p. 264
lung disease, chronic, weight lifting is beneficial in (*med*), July, p. 225
lymphoblastic leukemia, acute, of childhood, *October, p. 236
lymphomas, transformation of (*tip*), October, p. 289

m

malignancy, internal, palmar keratoses and (*tip*), October, p. 304
maxillary sinusitis, acute, in children (*tip*), August, p. 248
maxillofacial pain, *July, p. 151
median arcuate ligament syndrome (*tip*), September, p. 292
megacolon, toxic, medical management of (*tip*), September, p. 273
melanoma
—halo nevi and, *August, p. 157
—malignant, late recurrence of (*tip*), November, p. 297
—malignant, precursors to (*ed*), September, p. 114
meningioma of the olfactory groove (*tip*), July, p. 258
meningitis
—bacterial, childhood, deafness after (*tip*), November, p. 285
—Hemophilus, fulminant, in children may be enigmatic (*med*), August, p. 223
mentally retarded
—sexuality in (*tip*), November, p. 301
—voluntary sterilization of (*tip*), October, p. 315
metabolic effects of very low calorie diets (*tip*), September, p. 261
metastases
—intrathoracic, from renal cell carcinoma (*tip*), July, p. 263
—to the thyroid gland (*tip*), July, p. 244
middle ear disease, assessing: beyond visual otoscopy, *November, p. 201
migraine, diet has minimal effect on occurrence of (*news*), October, p. 321
milk, prostaglandins, and peptic ulcers (*tip*), September, p. 303
molar pregnancy, HCG levels after (*tip*), November, p. 277
mononucleosis, infectious, medical complications of, *November, p. 195
mood disorders
—(*ed*), December, p. 99
—long-term drug therapy prevents recurrence of (*news*), October, p. 328
motor unit disorders, electrodiagnosis of, *September, p. 143
mouth breathers, facial features of (*tip*), November, p. 282
MS, pregnancy does not appear to increase disability from (*med*), August, p. 223
mucosal proctectomy, anal function after (*tip*), November, p. 305
musculoskeletal therapy aids in headache management (*med*), November, p. 249
myasthenic syndrome and small cell lung cancer (*tip*), November, p. 264
Mycoplasma genitalium in pelvic inflammatory disease (*tip*), October, p. 315
myocardial infarction, intravenous nitroglycerin for (*tip*), December, p. 175
myocardium, atrial, infarction of (*tip*), September, p. 292

n

nasal papillomas and squamous carcinoma, *September, p. 171
necrotizing enterocolitis
—neonatal (*tip*), November, p. 262
—steroids for prevention of (*tip*), December, p. 186
necrotizing fasciitis, *October, p. 221
neonatal craniotabes, *December, p. 149
neonates, full-term, jaundice in (*tip*), October, p. 270
nephropathy, analgesic (*ed*), August, p. 110
nephrotic syndrome, minimal-change, in children (*tip*), November, p. 253
nephrotoxicity
—aminoglycoside-related (*tip*), September, p. 282
—of nonsteroidal anti-inflammatory drugs, *July, p. 123
neuropathy, sensory, high-dose pyridoxine may cause (*med*), July, p. 229
newborn infants, location of liver edge in (*tip*), October, p. 261
newborn screening for sickling hemoglobinopathies (*tip*), July, p. 247
nitroglycerin, intravenous, for acute myocardial infarction (*tip*), December, p. 175
nitrous oxide: a potentially lethal euphoriant inhalant, *November, p. 171

nonimmune hydrops fetalis (*tip*), November, p. 266
nonsteroidal anti-inflammatory drugs
—nephrotoxicity of, *July, p. 123
—a review, *November, p. 243
NSAID therapy, renal complications of (*tip*), September, p. 284
NSAIDs, renal effects of (*tip*), October, p. 261
nursing home care, role of family in, *November, p. 151

o

occupational hazard of farming, another, is identified (*med*), July, p. 225
olfactory groove, meningioma of (*tip*), July, p. 258
oral antidiabetic drugs, new, *November, p. 119
oral contraceptives and acute appendicitis (*tip*), November, p. 278
oral rehydration therapy (*tip*), August, p. 234
osteoarthritic pain, laser therapy reduces (*med*), November, p. 250
osteomyelitis, bacterial, drug therapy for, *July, p. 213
osteoporosis, prevention of (*ed*), November, p. 96
otitis media, acute, treatment of (*tip*), September, p. 287
ovum transfer, nonsurgical (*tip*), August, p. 232
oxygen therapy, cost-effective, demand valve provides (*med*), December, p. 170

p

palmar keratoses and internal malignancy (*tip*), October, p. 304
pancreatic cancer, CEA levels and (*tip*), September, p. 282
pancreatic disease, erythema as a clue to (*tip*), July, p. 256
pancreatic polypeptide-producing tumors (*tip*), November, p. 264
papillomas, nasal, and squamous carcinoma, *September, p. 171
parotitis, suppurative, acute (*tip*), August, p. 233
patient compliance, improving (*tip*), July, p. 251
patient information (*ed*), July, p. 96
pelvic inflammatory disease
—*Mycoplasma genitalium* in (*tip*), October, p. 315
—treatment of (*tip*), July, p. 256
penicillin prophylaxis after acute rheumatic fever (*tip*), November, p. 274
peptic ulcer disease
—drug therapy for, *December, p. 154
—pathophysiology of (*tip*), July, p. 244
peptic ulcers, prostaglandins, milk and (*tip*), September, p. 303
pericardial effusion after cardiac surgery (*tip*), September, p. 291
pertussis vaccine for children with convulsive disorders (*tip*), November, p. 297
pharyngitis, streptococcal, cultures for diagnosing (*tip*), September, p. 262
physical illness, emotional dynamics of, *September, p. 235
placenta previa, natural history of (*tip*), September, p. 263
plasma exchange, therapeutic (*tip*), August, p. 244
plasmid identification of Legionella contamination (*tip*), August, p. 243
plaster splints: techniques and indications, *September, p. 215
platelet aggregation, TTP, IgG inhibition of (*tip*), September, p. 277
pneumonia
—lipoid (*tip*), November, p. 302
—postoperative (*tip*), October, p. 279
pneumonitis, chlamydial, serodiagnosis of (*tip*), November, p. 272
pneumothorax, bronchial obstruction, lobar collapse and (*tip*), October, p. 303
poisoning, lead, *July, p. 179
polypeptide-producing tumors, pancreatic (*tip*), November, p. 264
porphyria, intermittent, acute (*tip*), September, p. 261
portosystemic shunt for bleeding esophageal varices (*tip*), September, p. 287
postoperative pneumonia (*tip*), October, p. 279
postphlebitic syndrome (*tip*), July, p. 239
potassium-induced esophageal injury (*tip*), November, p. 305
precursors to malignant melanoma (*ed*), September, p. 114

pregnancy
—diagnostic ultrasound in (*ed*), October, p. 90
—does not appear to increase disability from MS (*med*), August, p. 223
—early, vaginal bleeding in (*tip*), October, p. 293
—molar, HCG levels after (*tip*), November, p. 277
—work during (*tip*), September, p. 296
premenstrual syndrome, pyridoxine therapy for (*tip*), October, p. 314
preparation for vasectomy, *October, p. 177
prescription errors (*ed*), September, p. 110
primary hyperparathyroidism, *September, p. 155
proctectomy, mucosal, anal function after (*tip*), November, p. 305
proctitis, gonococcal, with skin abscess, *August, p. 173
prophylaxis, penicillin, after acute rheumatic fever (*tip*), November, p. 274
propranolol
—effects of, in cirrhotic patients (*tip*), July, p. 252
—has depressant effect on respiratory muscles (*med*), July, p. 225
propylthiouracil-induced liver injury (*tip*), November, p. 279
prostaglandins, milk and peptic ulcers (*tip*),September, p. 303
prostatic cancer, advanced, aminoglutethimide for (*tip*), October, p. 311
pseudocyesis, *November, p. 131
psoriasis, treatment of, with dithranol (*tip*), July, p. 240
psychoactive drugs and the frail elderly patient, *October, p. 133
pulmonary edema
—cardiogenic, *November, p. 230
—and upper airway obstruction (*tip*), November, p. 255
pulmonary hypertension and systemic lupus erythematosus (*tip*), September, p. 274
pulmonary pathogen, unappreciated: *Branhamella catarrhalis*, *October, p. 169
pulmonary stenosis, treatment of (*tip*), September, p. 266
pulmonary venous return, partial anomalous, *October, p. 127
pyridoxine, high-dose, may cause sensory neuropathy (*med*), July, p. 229
pyridoxine therapy for the premenstrual syndrome (*tip*), October, p. 314

q

r

rabies (*tip*), November, p. 291
radiotherapy for anal canal cancer (*tip*), July, p. 265
rehabilitation, geriatric, *July, p. 133
rehydration therapy, oral (*tip*), August, p. 234
renal artery embolism (*tip*), December, p. 178
renal cell carcinoma, intrathoracic metastases from (*tip*), July, p. 263
renal complications of NSAID therapy (*tip*), September, p. 284
renal crisis, scleroderma, captopril for (*tip*), October, p. 283
renal effects of NSAIDs (*tip*), October, p. 261
renal failure, chronic, management of, *August, p. 204
renal vein thrombosis (*tip*), July, p. 240
respiratory muscles, propranolol has depressant effect on (*med*), July, p. 225
respiratory syncytial virus and apnea (*tip*), August, p. 244
rhabdomyosarcoma, combination chemotherapy for (*tip*), December, p. 175
rheumatic fever, acute, penicillin prophylaxis after (*tip*), November, p. 274
ROP, proper vitamin E use in premature is treatment for (*news*), September, p. 316
rupture of the spleen, pathologic (*tip*), September, p. 284
ruptured chordae tendineae, *December, p. 125
ruptured membranes, new test for detecting (*tip*), October, p. 276

s

sarcoidosis, herpes simplex infection in (*tip*), July, p. 265
scalp stimulation test, fetal (*tip*), July, p. 260

scleroderma renal crisis, captopril for (*tip*), October, p. 283
scoliosis, French surgeon performs his new technique to correct (*news*), November, p. 317
seizures, complex partial, *October, p. 158
sensory neuropathy, high-dose pyridoxine may cause (*med*), July, p. 229
serodiagnosis of chlamydial pneumonitis (*tip*), November, p. 272
sexual abuse, child, is investigated as a 'crime of silence' (*news*), December, p. 188
sexuality in the mentally retarded (*tip*), November, p. 301
sexually transmitted diseases in children, *July, p. 185
short bowel syndrome, *September, p. 227
sickling hemoglobinopathies, newborn screening for (*tip*), July, p. 247
sinusitis
—chronic, in asthmatic children (*tip*), November, p. 291
—maxillary, acute, in children (*tip*), August, p. 248
sleeping pill use in hospitals (*ed*), July, p. 98
smoking, cigarette, and thyroid function (*tip*), October, p. 306
smoking cessation, physician advice is key to (*med*), December, p. 170
soldering flux, ingestion of, and future complications, (*info pl*), August, p. 53
sphenopalatine blocks ease wide range of pain syndromes (*med*), November, p. 250
spleen, pathologic rupture of (*tip*), September, p. 284
splenic trauma, medical management of (*tip*), November, p. 272
splints, plaster: techniques and indications, *September, p. 215
sports medicine experts see connection between exercise and amenorrhea (*news*), December, p. 187
status asthmaticus, halothane for (*tip*), November, p. 260
stenosis, pulmonary, treatment of (*tip*), September, p. 266
sterilization, voluntary, of the mentally retarded (*tip*), October, p. 315
steroids
—anabolic, in athletics, *July, p. 113
—inhaled, and dysphonia (*tip*), July, p. 243
—for prevention of necrotizing enterocolitis (*tip*), December, p. 186
stimulation test, fetal scalp (*tip*), July, p. 260
streptococcal pharyngitis, cultures for diagnosing (*tip*), September, p. 262
streptokinase
—cerebrovascular complications from, are reported (*med*), August, p. 223
—intra-arterial, for arterial occlusion (*tip*), November, p. 306
stress disorder, post-traumatic, in Vietnam veterans (*tip*), November, p. 271
subclavian vein catheters, complications of (*tip*), October, p. 311
subphrenic abscess (*tip*), November, p. 308
sulcus, vocal cord, as a cause of dysphonia (*tip*), October, p. 312
surgical clips as a cause of artifacts on CT scans (*tip*), November, p. 280
surgical sponges, retained, and intra-abdominal abscesses, *November, p. 125
surrogate motherhood, effects of, need study (*news*), July, p. 269
synchronous cancers of the large bowel, incidence of (*tip*), October, p. 276
syncope
—children with, arrhythmias should be looked for in (*med*), December, p. 171
—cough (*tip*), August, p. 239
syncytial virus, respiratory, and apnea (*tip*), August, p. 244
systemic lupus erythematosus, pulmonary hypertension and (*tip*), September, p. 274

t

tap test, fetal assessment by (*tip*), August, p. 232
thrombocythemia, essential (*tip*), November, p. 291
thrombocytopenia, chronic idiopathic, therapeutic strategies for, *September, p. 242
thrombosis, renal vein (*tip*), July, p. 240

thyroid cancer, *November, p. 185
thyroid function, cigarette smoking and (*tip*), October, p. 306
thyroid gland, metastases to (*tip*), July, p. 244
thyroid nodules, cancer in, incidence of (*tip*), August, p. 230
thyroidectomy for Graves' disease (*tip*), August, p. 242
topical antibiotics for acute conjunctivitis (*tip*), November, p. 256
toxic megacolon, medical management of (*tip*), September, p. 273
Toxocara canis infection, subclinical (*tip*), November, p. 259
toxocariasis in the British Isles (*tip*), July, p. 250
transformation of lymphomas (*tip*), October, p. 289
transluminal angioplasty, aspirin therapy before (*tip*), November, p. 278
transplantation
—kidney, sequential (*tip*), August, p. 228
—methods of immunosuppression for (*tip*), November, p. 260
trauma
—chest, blunt, physicians outline appropriate treatment of (*news*), September, p. 315
— splenic, medical management of (*tip*), November, p. 272
trousers, antishock, *July, p. 163
TSH secretion, mediators of (*tip*), September, p. 269
TTP platelet aggregation, IgG inhibition of (*tip*), September, p. 277
tumors
—carcinoid (*tip*), October, p. 275
—hepatic, benign, *July, p. 141
—pancreatic polypeptide-producing (*tip*), November, p. 264
type A behavior and coronary heart disease, *October, p. 209
Tzanck smear for diagnosis of cutaneous herpes simplex (*tip*), September, p. 300

u

ultrasonography and abdominal aortic aneurysms (*tip*), August, p. 239
ultrasound, diagnostic, in pregnancy (*ed*), October, p. 90
upper airway obstruction, pulmonary edema and (*tip*), November, p. 255
urinary bladder, diverticulum of, *October, p. 151
urinary incontinence, HIP develops agenda to assist patients with (*news*), October, p. 322
urologic disorders after forty, *November, p. 101
uterine cancer screening by the family physician, *November, p. 157

v

vaginal bleeding in early pregnancy (*tip*), October, p. 293
varicella, disseminated, in children with cancer (*tip*), July, p. 263
vascular access, failing, balloon dilation for (*tip*), September, p. 269
vasectomy
—complications of, *November, p. 111
—preparation for, *October, p. 177
vena cava syndrome, superior, catheter-induced (*tip*), August, p. 227
Vietnam veterans, post-traumatic stress disorder in (*tip*), November, p. 271
vitamin E use, proper, in premature infants is treatment for ROP (*news*), September, p. 316
vocal cord sulcus as a cause of dysphonia (*tip*), October, p. 312

w

water and health, *October, p. 97
weight lifting is beneficial in chronic lung disease (*med*), July, p. 225
weight loss, moderate exercise may enhance (*news*), July, p. 270
weight-loss methods, hazardous, complications of, *August, p. 141
work during pregnancy (*tip*), September, p. 296
